## Wyandanch Memorial High School

Unique, unparalleled; from the same genetic union of two individuals, each of us emerges as separate entities. Like a solid oak tree, each of us are branches with leaves that will fall on fertile ground to begin new. Some leaves will fall close to the tree while others will float far away. Wherever we land however, our thoughts for the future will be molded from memories of the past at Wyandanch Memorial High School. The individual caring and nurturing given to each of us by our parents and teachers will enable unique unparalleled entities to become united as one solid mighty oak that will not break and fall during the onslaught of the many storms and trials ahead.

Finally, in this, Wyandanch High School's 25th year anniversary, we say congratulations to the administrators, faculty, staff, and parents for weathering the many storms and trials down through the years and for being an inspiration and role model for the now emerging graduating . . .

### Dedication

Well Donald, this is our Senior Year. A long awaited day has now arrived. The stars are shining very brightly this year as we stop and think of *you*. Our loving arms reach out to you, for the class of 1987 will always have warm thoughts of you. As we grow older thoughts of you stay fresh in our minds, as if the thoughts were from just yesterday.

Donald, you touched the hearts and minds of everyone of us. Your soul will live in the spirits of each and every student in the class of 1987. We never forgot you and we never will!!!!

As we come to the end of our high school years, we look back through a window — a window which has had many happy moments. But in this window, the class of 1987 will always remember Donald Franks.

To the parents of Donald Franks, the Senior Class of 1987 would like to say "We will never forget Donald!"

Love always,  
the Class of 1987

# A Blast from the Past

Historically, Deer Park and Wyandanch were one community in the mid 1800's. In striving for individual recognition, devision was inevitable. The process of separating the two communities and giving each its own indentity was long and slow and attended by hardships. Never-the-less, in 1888, Wyandanch, the name of a Montauk Indian chief who ruled eastern Long Island, was formed.

As the community of Wyandanch grew, student enrollment escalated. Before the cornerstone was set at 32nd Street and Brooklyn Avenue, high school was held in the Straight Path School on Straight Path in Wyandanch.

When the doors of the high school opened to accept the first graduating class, a new family of students, teachers and administrators was born. In spite of the numerous changes in personnel, the essence of "family" remained. Through constant

perseverance, some stayed, determined to support, and encourage our students to excel!

In deed, Mr. Anthony Fusco walked through the front doors of the high school twenty-five years ago, and never left. He was first hired as a science chairperson. He has always been involved in extra-curricular activities such as sports and the yearbook. Therefore it was only natural for him to accept the assistant principalship. When the position became available a short time after that assignment, he accepted the principleship. Mr. Fusco, who is thought of as being invincible, has become an institution.

Another institution is Raymond Biastre. Mr. Biastre first started teaching in the high school as a social studies teacher. His supportive manner, makes it easy for all students to talk to him now that he has been a guidance counselor for many

years.

Let's not forget Marge Scheidegger, who has always been, for the past twenty-five years, a physical education teacher. Ms. Scheidegger's reputation as a fair-minded strict disciplinarian has earned her the respect of all of her former and current students.

Joseph Demsey, our industrial arts teacher, has always been a friend to the students and teachers alike. In deed, they have always felt comfortable in dropping in to visit and talk shop.

Comfort is school and school is like home when you are a member of the first graduating class *and* currently a member of the faculty. Richard Crowe and Warren Fuller are two such men who graduated, and returned after college as teachers.

Finally, memories are made from people who stayed for more than twenty years, and left, leaving behind the essence of knowledge, family and love. Our former home economics teacher, Mary Cooper, still comes back "home" often to check on

her "children." It's not unusual to see her standing in the corridor imparting words of wisdom and knowledge. We also must not forget the memories of "Doc" Passaretti excitedly compelling students to learn those formulas! Nor can we forget Warren Tepper patiently explaining for the umpteenth time, the mysteries of computers. Memories of life at Wyandanch High School could never be complete without remembering the maternal compassion of "Dot" Davis. Mrs. Davis added a new, more meaningful dimension to Special Education. No one said "darling" the way she did. She never changed.

Changes, however have occurred in the past twenty-five years, for we live in an ever changing society. Therefore we must cling to good memories, and be strengthened by bad ones.

Happy anniversary Wyandanch Memorial High School! It's been twenty-five wonderful, happy, sad, triumphant years.

## IN MEMORIAM OF WARREN TEPPER (1931-1986)

During the school year 1985-1986 a dearly loved teacher, Mr. Warren Tepper, passed away. Mr. Tepper was a considerate man with a great sense of humor. He listened to all of his students with much concern. He started as a mathematics teacher in the early 1970's. With advancement of technology he became a Computer Literacy and Computer Math teacher. He always made his classes interesting and informative. His information on computers will be used by many of us in the years to come. Mr. Warren Tepper is sadly missed by the staff and students of Wyandanch High. We, the Class of 1987, would like to always remember him because he was loved by us all.

Dear Students:

I can remember clearly when the class of 1987 first arrived at the high school. They came in on a quiet note and as the years went by they became more confident.

Now that they are the senior class, their presence is quite evident. They have become a group concerned with what the future has in store and are trying to leave Wyandanch Memorial High School a better place than when they first arrived.

I have personally enjoyed working with the class of 1987 because they are a decent group of young people who are a true reflection of their parents' upbringing and the teachers who have taught them. We will all miss the class of 1987 and we wish them success in whatever endeavors they pursue.

Mr. Anthony Fusco

Dear Students:

In this last year of your high school experience we have witnessed an increasing drug epidemic among students across the nation. We share in the alarm and concern for your future. As we take a closer view there are things we can learn.

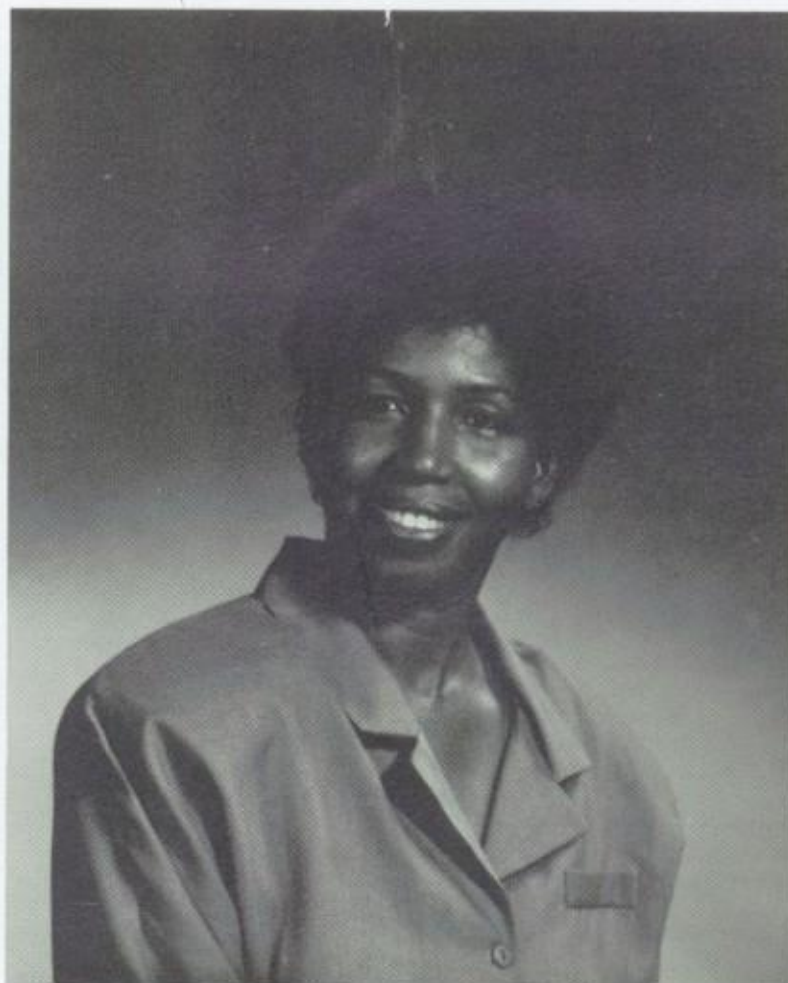

Some students who died were famous, while others were ordinary. They represent people of all racial, ethnic and religious backgrounds. Yet, for the most part, these students had something in common. In reading what has been said about them, we can say the most *lost* the vision of their future, which was a dedication to their values and dreams.

As you leave Wyandanch Memorial High School and commence on a new stage in your life, I urge you to not forget your dreams. Whether you go on to college, trade school, the military or full time employment, continue to establish clear goals which will make you a valuable citizen to yourself and your community.

I enjoyed knowing you during these past years, and I wish you a successful life.

# CHEERLEADING

From L to R: Seniors: Cynthia Robinson, Tonya Felder, Valerie Morring, Periscilla Moore.

The cheerleaders began in the fall with a soft whisper; they had no coach. Finally, Ms. Cooley decided to take over and coach the team, doing a fine job in getting the team organized.

The team has excellent leadership in the always spirited captains, Tonya Felder and Tanya Byrd. The enthusiasm continued in seniors Cynthia Robinson, Periscilla Moore, and Valerie Morring, Juniors Cherese Nelson and Alicia Morgan are also caught up into the spirit of togetherness.

The cheerleading season is probably one of the toughest of all sports, extending for six months, with practices five days a week. Cheerleading takes full-time commitment to the spirited Wyandanch tradition.

One of our most spirited Wyandanch traditions is Homecoming. The cheerleaders report to the high school at 6:00 a.m. to prepare a Homecoming Breakfast for the football team. After the breakfast, the cheerleaders are honored with corsages from the football team. It is no easy feat to cheer our teams on to victory in very warm gyms or on very cold playing fields, but team spirit make the job easier.

Bottom, L to R: Y. Bonds, S. DeMory, S. Young. Middle, L to R: E. Craft. Top, L to R: K. Bernecer, M. Greene, D. Johnson, Mrs. V. Thompson, M. Thompson.

## "El Club de Espanol"

"El Club de Espanol" was started again in 1972 at Wyandanch High School with the goal in mind to finance a trip abroad or to a nearby Spanish speaking country. The club's present goal is to encourage further involvement into the learning of Spanish and to use as many avenues as possible to create further interest in the language, culture and way of life of others.

The club is presently working on ideas for the 2nd International Foreign Language affair that is to be held between March 1-7, 1987.

They are ordering stuffed animals as one of their fund-raising projects to support the activities that they will be planning for this school term.

# FRENCH CLUB

Bottom, L to R: V. Bellanton, B. Bellanton, Mrs. Simmons, M. Exumé, G. Exumé. Top: E. Craft, M. Greene, A. Wilson, J. Foster.

The French Club was organized as a vehicle of enrichment for the students of Wyandanch Memorial High School. Those studying French, as well as other interested members of the student body, are provided with the opportunity to explore French cultural, political, and social events in greater depth than regular class time permits. At our meetings we prepare and sample various French foods, listen to French music, and discuss topics in the news that relate to France. Our plans for the 1986-1987 school year include a luncheon at a French restaurant and a trip to view a French movie or play.

The officers of the French Club are: Renay Gaynor, President; Bellzina Bellanton, Vice-President; Angela Wilson, Treasurer.

# NEWSPAPER

The Chieftain, under the supervision of Mr. Sy Roth, is Wyandanch High School's newspaper. The Chieftain enables students who are interested in the field of journalism to gain a head start in the production of a newspaper. The Chieftain also gives students a chance to voice their opinions about our school and the community.

The KEY CLUB is a non-profit community organization that is supported by the Kiwanis. The members of the KEY CLUB participate in activities to try to better the school and the community. Weekly meetings encourage members to discuss solutions to school and community problems. We are now trying to raise money to attend the New York District Convention which is a convention in which all KEY CLUBS and Kiwanis groups of New York State meet to discuss how the year went and give recognition to all the clubs.

Mr. Tyson has encouraged his Tap Dance Ensemble to strive for excellence. They did their first performance, *CONTROL*, in the winter concert of 1986. They have achieved a lot during their first year of tap dance. We expect future success from this program.

The Wyandanch Memorial High School Theatre Ensemble was organized by Mr. Wayne Hayes, in the year of 1984. The ensemble, during this time, gave their first production of the play *Cinderella*. Since then, there has been a numerous amount of performances by the group. All of the performances are successful. The Dance Ensemble has been encouraged by Mr. Hayes to strive for excellence.

The Wyandanch Memorial High School Student Council is a very important organization in the school. The Student Council is made up of a group of students who help in making changes to benefit the student body. Advised by Mrs. Auer, a very dedicated faculty member, the Student Council has given service to other school organizations in fund raising and party decorations. The Student Council has also been helpful in the bus situation which provides students in extracurricular activities with transportation. The Student Council is a great organization to participate in, and in the years to come it will be even greater.

State University of New York at Stony Brook Science Technology Entry Program (STEP) is designed to increase the number of under-represented minorities or economically disadvantaged students in Engineering, Mathematics and Science-related professions.

The program provides services for grades 7-12 with educational, social, and residential enrichment activities.

A highlight in the program came in May of 1986 when one of the program's participants, Vincent Bates, won 3rd place in the Engineering design contest by designing a windmill wind-up machine capable of carrying a weight through a horizontal distance as quickly as possible.

The program was started in September of 1986 with the intentions of fulfilling the above activities.

In 1980 more than 7,000 teenagers lost their lives in auto fatalities. The 16 to 24 age group causes 44% of night-time fatal alcohol caused crashes. Teenagers showed a high death rate starting at age 13. Drinking and Driving is teenagers number one health problem today!

S.A.D.D. stands for Students Against Driving Drunk. S.A.D.D. started in September, 1981 and was developed and conducted by Robert Anastas in Boston. Over 100 students in most of the United States have S.A.D.D. programs.

Wyandanch High School started a S.A.D.D. program in October, 1986. The advisor is Mr. Warren Fuller. The S.A.D.D. program has about 10 members.

The S.A.D.D. program's goal is to help save their own lives and the lives of others, to educate students concerning the problem of drinking and driving, and to increase public awareness and prevention of drinking and driving.

The S.A.D.D. program has been a great success. December 17, 1986, Wyandanch High School had an Alcohol Awareness Day. A police officer from Suffolk Police Department spoke to the students about the laws of D.W.I. (Driving While Intoxicated), and a film strip on alcohol, "America's Deadliest Weapon." The students received S.A.D.D. buttons and "Stop D.W.I." bumper stickers. The event was very informative.

Since 1983, Ms. Donna McShea has been the instructor for the Wyandanch Kickline/Flagline. The Kickline now is made up of 10 High School students.

For Competitions, the Kickline has traveled to Port Jefferson, Centereach, and Jones Beach and has won many first and second place trophies from the song "I Wear My Sunglasses at Night."

For Parades, The Wyandanch Kickline/Flagline has marched on Fifth Avenue with the Wyandanch Marching Warriors doing many flag routines to the music the band plays.

The Wyandanch Kickline / Flagline has gained a lot of recognition! The Kickliners get along very well and we owe it all to our fabulous instructor, Ms. Donna McShea!

Mr. Abel believes that music and education go hand in hand in developing the students character and leadership skills.

The Dance Ensemble has performed at the Huntington Town House, Colony Hill, and the Marriot Hotel. Each of the performances were superb. The dance group has grown a lot over the years, and with the help of the students, parents, and faculty members it will continue to grow.

Our yearbook, a pictorial account of the most important years of a student's life, is an important ingredient in that nebulous quality known as school spirit. # WARRIORS

The 1986-87 Warrior football team had a very outstanding season. With the support of Coach Cusamano, the Warriors Tackled every team in our league with excellence and style. The Warrior football team qualified for the playoffs for the 2nd time in two years. They were the 1st Wyandanch team to make the Suffolk County Divisional Playoffs in which they were defeated by Miller Place 16-12.

We are especially excited about this year's Warriorettes Basketball Program. Our varsity team is experienced and fundamentally sound. They have excellent speed and are good aggressive players. Coach Warren Fuller has worked hard to hone the girl's skills into a championship winning Suffolk County Champs and New York State Champions. Congratulations from the class of 1987.

During the football season, the 1986-87 Wrestling Warriors started late with half of the team consisting of rookies. We were written off, but the "Green" proved them wrong. While in the town of Babylon's tournament, we came in fifth in the team scoring, and five wrestlers placed in the top four. We hope to do better in the league five tournament.

**GOOD LUCK NEXT

The Varsity Volleyball team under the coaching of Mr. Dove is looking forward to a successful season. The team did well last year and are planning to have a better season this year. The team consist mainly of seniors this year so they really want to leave Wyandanch High School with good memories of triumphant game matches!

The Warriors baseball team, "GREEN" will start spring training soon. With great expectations, all of the players are looking forward to a great season. With the pitching of All Star Leaguers Vernon Bolden, Alonzo Horne and Joe Burgos and the catching of All Star Leaguer David Jackson, the Warriors will win! We feel that the season, with the encouragement from our coach, Mr. Goodman, will be very fulfilling.

THE NEW GENERATION  
FROM THE OLD SCHOOL

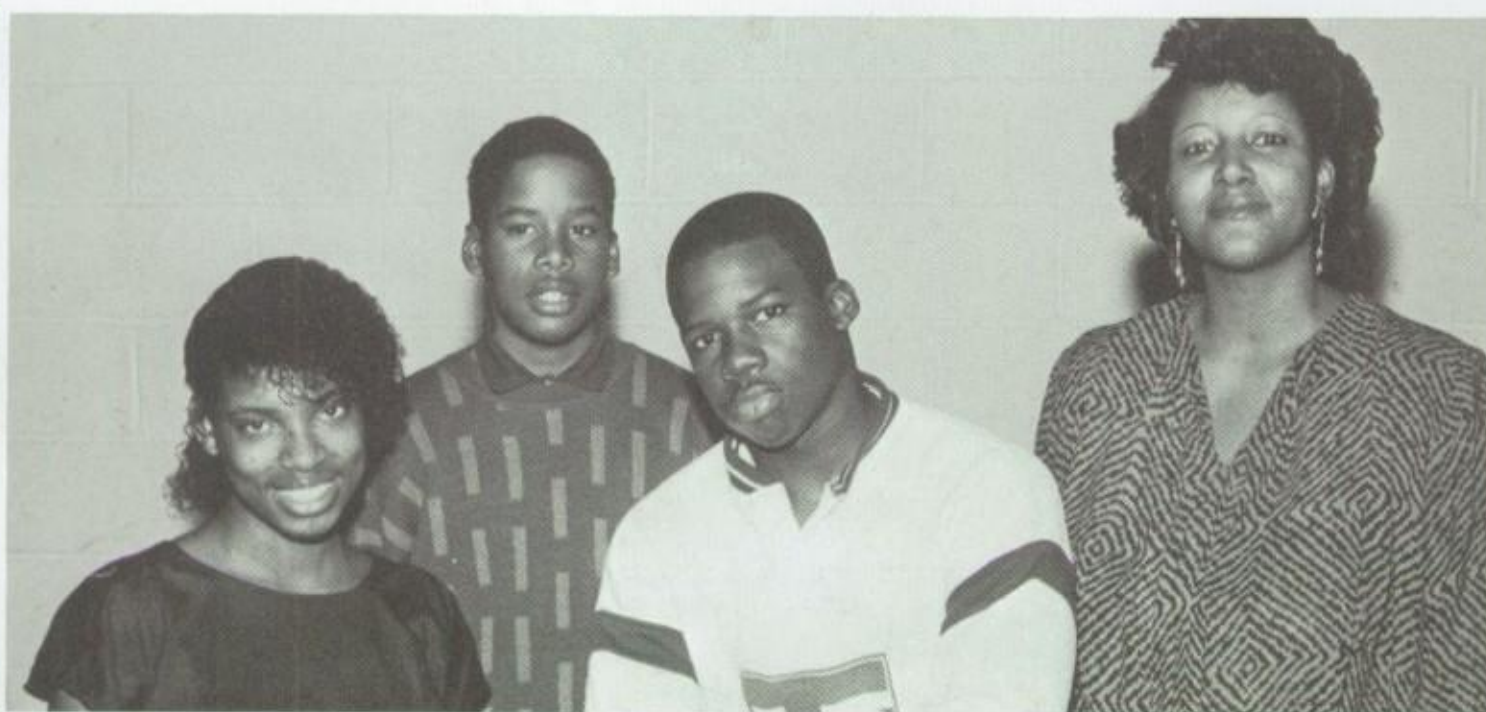

WYANDANCH

One last look . . .

Back to our freshman year which was filled with new experiences and greater challenges. Entering the high school made us feel like we had reached a greater plateau. We were all novices in this new environment. We were all afraid of meeting the unexpected. The "unexpected" came in many forms. We learned to laugh when upperclassmen insisted science classes were indeed on the third floor. Yet, through it all, we survived that first year and became wiser and better in meeting the challenges of being the one and only class of 1987 in Wyandanch.

One last look . . .  
Back to the 10th grade . . .

We were just getting the feel of the school. We had to learn which side of the stairs and halls to walk on. Most of all we had to know which hall our classes were in. Being more relaxed around other students took a little time, but we were able to cope with it. This was the year that we the class of 1987 really started joining all the activities and clubs. Our participation strengthened our sense of family, and added to the overall excellence of Wyandanch Memorial High School, class of 87. Our class officers reached out and asked our class to unite as one, and we did!!! We were recognized as "the" Class of 87 and our contribution to our school will be remembered for years to come.

## One last look . . .

Back to our Junior year which was filled with many worthwhile experiences. We were outgoing and willing to make our school year and class work better than any other 11th grade class before us. It was a year of great involvement in sports, dance, music and scholastic achievement. Exciting thoughts of our senior year danced in our heads! We could hardly wait to feel senioritis, with plans of Senior Week, the Prom, and graduation forever imprinted on the recesses of our minds.

Finally, with the help of our wise and caring teachers, we made it to our senior year. Our personal memories of our Junior year will live in our hearts forever.

# DEDICATION

Mr. Warren Fuller

We the class of 1987 appreciate Mr. Fuller for the year we had him as our advisor. He took the clay out of Mrs. Cooper's hands and finished molding our class into what it is today. If we were to now take a backward glance, we might wonder, would we have made it without him? The answer is no! Not only was his firm assuring hand always there — (I think not), but he also shared his experience and expertise gained from being an advisor for past graduating classes as well.

We hope Mr. Fuller enjoyed having the class of 87, because it was a pleasure having him as our class advisor.

# From the Editor's Desk

Finally this is it, successful completion of the 1987 *WARRIOR*. I hope everyone is as proud of this book as I am. I hope that each time you reflect on your high school years, you look through this book with unforgettable memories, and a smile. This year has been more than a challenge for me. I have had many privileges that I never thought I would experience, but I'm glad I had the opportunity to do so. An enormous amount of hard work went into the completion of this book. Even though things got off to a slow start, I'm glad everyone took my advice as well as my criticism in stride and not with bad attitudes or negative thoughts about me. What's most difficult about this message is how to thank the many dedicated people who played a part in making this book possible, because everyone has a special reason to be recognized. So to anyone forgotten you have my utmost appreciation, and thanks for everything.

*Cassandra Gallman*

Editor - in - chief  
'87 Warrior

*Mrs. J. Bonaparte* — Thank you for your guidance, understanding, as well as your patience seeing me through it all. You've helped me find many things in myself that I never knew were there.

*Mr. W. Fuller* — Thank you for listening, understanding, and smiling at my *BAD* as well as *GOOD* ideas, and putting up with me throughout the year.

*Mr. Fusco and Ms. Huie* — Thank you for allowing me to be a thorn in your sides but it was just to get the job done. Also, thanks for helping in every way that you could to make things work out better.

*Curtis M.* — You were an inspiration to me. You helped me to keep the faith and that's why I made it. You're an angel. *THANKS*.

*Joshua W.* — Art is beautiful only because you make it that way. You played a major role in this book; you gave our warrior life. Many thanks go to you.

*Neil Sanders* — You were a major influence on ME, as well as everyone else. Just seeing your face eased the tension caused by the yearbook problems. Many thanks go to you.

*Teresa and Debbie* — Thanks a million, I couldn't have done anything without your support and advice.

*Robert W.* — Thanks for catching the sports on the RUN!!!

*Edith, Kathleen, Tina, Edouard* — There would be no book without the time and effort of you all. Thank you, say *CHEESE*!
